COURSE

How to employ the 10 most successful teaching methods

- ✓ Know these scientifically proven strategies
- ✓ Take away practical tools to make them work in your classroom
- ✓ Methods that raised attainment by two grades in rigorous trials

Geoff Petty: Geoff, author of 'Teaching Today', the UK's best selling teacher training text, has a reputation for explaining teaching and learning issues in a down-to-earth, but lively, practical and inspiring way. He is a scrupulous researcher, with a rare gift for making research accessible.

Revolutionise and professionalise teaching

Based on the work of Professors Hattie and Marzano
10 highly effective and highly adaptable teaching methods
Links in with school agendas:

- Personalisation
- Differentiation
- Raising achievement
- Continuous improvement

Get to know the 10 teaching methods that work best and why

- Methods that have raised attainment by two grades compared with good conventional teaching
- Learn how to adapt these methods for your subject or any topic
- Get your students to do more of the work

Practical tools and activities to use these methods in your classroom

- Feedback and dialogue - questioning techniques, assertive questioning
- Graphic organisers - for whole-brain learning
- Strategy training - teaching the most effective learning to learn and thinking skills
- Formative teaching - assessment for learning, peer-assessment, self-assessment
- Co-operative learning - jigsaw, games for learning
- Generating and testing hypotheses - deep evaluative thinking
- Note making with self-assessed feedback - teach students to do this effectively
- Active learning - techniques to move from deep thinking to hard learning
- Decisions decisions - card sorting games for conceptual development
- Constructivist teaching

Transform learning in your classroom

Move towards the 'blame-free' classroom
Make teaching less draining and more interesting

"Geoff Petty is one of the most influential consultants and trainers in the country."
